reima

REIMA EA & W 2025 FOOTWEAR COLLECTION

For kids on the move

AWARD-WINNING SHOES FROM THE KIDSWEAR SPECIALIST

We're Reima, the number one kidswear brand from Finland. Since 1944 we've been innovating long lasting clothes and unique footwear that let kids of all ages, shapes and sizes feel comfortable and confident exploring the outdoors. They're a perfect match for the fall Reima clothes collection, creating a total tip-to-toe look and outdoor-ready protection.

WELL-BEING STARTS FROM THE FEET

Reima shoes are the perfect companion for active kids: designed to enable free movement and healthy growth of the feet.

Because we start our creation from children's needs, our shoes are always age-appropriate. They let kids kick, hop, and run, safely and in full comfort, year round. Reima has a shoe for every activity, in any type of weather!

HAPPY STEPS INTO AUTUMN

Getting kids back to school is easy peasy with our weatherproof shoes. Whatever the forecast says, Reima takes them bravely through it all!

Whether looking for a flexible barefoot style or a more cushioned shoe, you're sure to find your favorite pair, functional and feature-loaded down to the last detail.

Reima Barefoot shoes

ONE STEP CLOSER TO NATURE

Designed to mimic the feeling of walking barefoot, light and flexible Reima minimalist footwear encourages healthy foot and posture development in kids. Kids can maintain their natural stance and gait while exploring the world safely and comfortably in Reima barefoot shoes.

1. FOR STRONGER FEET

Reima barefoot shoes feature a very flexible, thin sole. It lets kids sense the ground better while also strengthening the small muscles of their feet.

2. FOR FREE GROWTH

The wide toe box has enough room for the toes to grow straight – we hope future generations would never have to experience painful bunions!

3. FOR A NATURAL POSTURE

The sole is completely flat and equally thick at ball and heel. This helps kids enjoy a natural stance and gait, supporting normal movement of the entire body.

BAREFOOT

Reima Rolling Steps soles

JUMP, SKIP AND HOP WITH EASE

Barefoot shoes are a great start for little kids' growing feet. But kids move in many ways and places, and sometimes their shoes need more cushioning and bounce. That's when Reima Rolling Steps soles are needed.

1. FOR A SMOOTHER STEP

The Reima Rolling Steps sole is shaped so that it doesn't interfere with or block the child's gait. It enables undisturbed movement for shoes with thicker soles.

2. FOR SHOCK ABSORPTION

When running and jumping on hard surfaces such as asphalt and concrete, bigger kids – roughly at the point of entering school age – may start to need cushioning to avoid injuries.

3. FOR COMFORT IN ACTIVITIES

Reima Rolling steps shoes are designed to feel comfortable and dynamic on foot with fluid, rolling strides and just enough bounce to inspire playful adventuring.

REIMA WINTER 2025 FOOTWEAR COLLECTION

For kids on the move

AWARD-WINNING SHOES FROM THE KIDSWEAR SPECIALIST

We're Reima, the number one kidswear brand from Finland. Since 1944 we've been innovating long lasting clothes and unique footwear that let kids of all ages, shapes and sizes feel comfortable and confident exploring the outdoors. They're a perfect match for the fall Reima clothes collection, creating a total tip-to-toe look and outdoor-ready protection.

WELL-BEING STARTS FROM THE FEET

Reima shoes are the perfect companion for active kids: designed to enable free movement and healthy growth of the feet.

Because we start our creation from children's needs, our shoes are always age-appropriate. They let kids kick, hop, and run, safely and in full comfort, year round. Reima has a shoe for every activity, in any type of weather!

Happy steps into winter

ALL WINTER WEATHER IS REIMA WEATHER

In Reima winter shoes, kids can greet the sleet, snow, and ice with confidence. We've made it our goal to design reliable footwear for free play in tough conditions, with weatherproof protection against water, cold, and slipping.

Friends of flexible barefoot shoes will be delighted to find our frost-proof newcomers that let kids leap lightly into the snow. Yet even our sturdiest boot styles are a smooth ride, thanks to the smart Rolling Steps outsole geometry.

And hey, we Finns sure do know how short winter days are! That's why we've paid special attention to easy pull-on that gets kids out as quickly as possible, as well as reflective details.

Arctic-proof warmth

OUTRUN FROSTY THE SNOWMAN

In Lapland, even temperatures of -40°C (-40°F) can easily happen. Our warmest boot Laplander 2.0 is built for the challenge. Its wide toe box lets kids' toes grow straight, and for less slips, we gave it an exclusive Reima Vibram outsole that grips on all terrains including wet ice. So, welcome winter freedom, red cheeks, and warm feet!

MEASURING THE FOOT

Have your child stand on a paper, heel against the wall. Mark the foot length on paper and measure the distance on the end of the sheet.

FOOTWEAR

EU size	US size	UK size	CN size	JP size	Recommended foot length (mm)

34/35	2.5/3.5	2/3	205 (1,5)	21/22	209-221

KEEPING HEALTHY KIDS' FEET HEALTHY

To help a child's motor skills develop normally, it's important to choose the right size and shape of shoe. Parents must also follow the growth of the feet to make sure the shoes fit properly.

Happy Fit makes measuring easy

You can check the shoe size by taking out the insole, so that the child can stand on it. In total, the length of the foot + 1.5 cm for growth and operating reserve is necessary. Most Reima shoes have the "Happy Fit" print in the removable insoles to help you find the correct size.

Smaller allowance for barefoot shoes

For barefoot shoes, a smaller reserve is recommended. The extra space for growth and movement in barefoot/ minimalist shoes should ideally be around 1.0 - 1.2 cm.

Go for technical socks

A 100% cotton sock will feel cold when it gets sweaty. Socks with synthetics that wick moisture away from the skin are a better choice for waterproof shoes. In cold times, socks with wool will be warm even when moist.
